UNION STOCKYARDS, INDIANAPO-LIS, June 3.-Cattle-The continued upward movement in prices of cattle caused fair receipts, but the supply was hardly as large as might have been expected. The proportion of good steers in the arrivals was again comparatively small and this was occasion for another advance in values. There was very strong competition between all buyers and more than the usual rivalthan some that sold at \$5.40 Wednesday, and others that sold at \$5.75 were probably about the same kind that sold at \$5.25 Tuesday. This, therefore, would indicate much improvement in the market, and under ordinary conditions it would naturally be expected that the high point was almost many dealers who are arguing small supplies in the country and there are very few if any who do not believe that the market is still in a very healthy condition. In female butcher cattle the market prices were very little if any different from yesterday. The good dry-fed, handy weight cows and heifers sold full strong, but the heavy heifers in favor of the fancy light grades and there is a difference of perhaps 25c in prices of such kinds. The market for stockers and feeding cattle continues very quiet and although there was probably a little better request tobusiness was transacted and the results were not generally satisfactory as compared with the developments in the fat cattle market. There was a steady demand for good bulls at former prices and calves sold usually at steady to strong prices.

REPORT THAT A NUMBER OF STEEL MILLS WILL SOON SHUT DOWN.

World's Fair Business May Improve Earnings-Pennsylvania's Plan for Curtailing Expenses.

A report which is not at all encouraging

to the railroads is to the effect that practi-

cally all the bar iron and bar steel mills in the Pittsburg, Youngstown and Cleveland district will suspend operations on July 1 for an indefinite period. An official of the Pennsylvania Railroad said yesterday that so far as the mills of Cleveland and Youngstown are concerned a shutdown 3.50 | will likely occur. The United States Steel Corporation and the Republic Iron and Steel Company plants will certainly close. An official of the Baltimore & Ohio said: "The increase and decrease of our forces is really regulated by the business people. When we have all the traffic our railroads can haul we must have the men to handle it. If the shippers give us less business we only have employment for those who are required to take care of it, and at present it looks as if we would have to make some reduction in certain departments. The falling off in traffic is due mainly to a decline in ore and coal shipments. Lake navigation, which usually opens about May 3, is still age about 10c per 100 pounds higher than a closed and we are holding traffic for the week ago, prominent markets indicating lakes all along the line." There has been a heavy falling off in steel and structural The speculative provision market was iron shipments, but in the high-class comonly fairly active the past week. Toward modities the volume of traffic is fully up to over the St. Louis division. He says that the close of the week a firmer tone pre- normal. Regarding lake shipments it is firmer tone to the corn market and the had been about 200 steamers at Superior laid and the entire distance will be comattained for the present. But there are maintenance of prices for hogs, under and Duluth unloading about 100,000 tons of pieted, heavily graveled and in condition to fairly liberal receipts. There were no im- | coal. In railroad circles a F. W. BENNETT & CO., all kinds electrical work; low rates. 'Phone 3106.' 111 N. Alabama.

> In railroad circles the death of Samuel R. Callaway is much regretted. An official well acquainted with the deceased says he was one of the most popular railroad men in the United States, and his personal magnetism had much to do with placing the American Locomotive Company on its present well-established basis. The newspaper fraternity will long remember his geniality and straightforwardness, and those who his sense of truth and justice.

The Hocking Valley has declared a semi-annual dividend of 2 per cent. on the preferred capital stock and a semi-annual dividend of ½ per cent. on the common stock lidend of ½ per cent. on the common stock Residence 'phone 2568. of the company, both payable July 18. The stock and reopened July 19. An official of the road says this is one of the encourso from the fact that coal traffic has prac- | Twenty-Six Transfers Made a Matter tically shut off a large per cent. of the company's freight earnings, through the strike of the pilots and masters of lake transportation.

J. J. Mullaney, commercial agent of the Nashville, Chattanooga & St. Louis and the Western & Atlantic, was in the city yesterday. He says the freight business of the Southern roads is highly gratifying, James G. Voyls et ux. to William S. which is certainly encouraging when managements of some of the Northern lines slackness in business. J. R. Duckworth, traveling freight agent of the Tennessee Central, was also in the city, calling on freight officials, and reports freight traffic on the Southern roads as very satisfactory. Reports have been current for some days that M. D. Woodford, president of the Cincinnati, Hamilton & Dayton, would in the near future hand in his resignation, and such report gained credence on the New York Stock Exchange. It is true that Mr. Woodford has been ill for some time, and his physicians recommend a complete rest from all work and responsibility. The general belief is that should he retire Eugene him as vice president and that George R. Balch, at present purchasing agent and The report that either the St. Louis & President Loree, of the Chicago, Rock San Francisco or the Chicago, Rock Island Island & Pacific, started this week on a | & Pacific has bought or is even negotiating third trip of inspection over the Rock to buy the Mobile, Jackson & Kansas City Island. He will cover the Northern divi- road is pronounced absolutely untrue by an official high in authority on the road. Neither interest is at present negotiating any considerable addition to mileage, either by purchase or construction, the policy being to develop the present lines and bring them up to their best earning capacity before new fields are reached. Under present conditions the combined system will by

lines, the Kansas City & St. Louis and the

Although the sky was clear and the sun was shining, there was a brisk shower on New York street, between Pennsylvania and Meridian streets, yesterday afternoon. Pedestrians wished that they had their umbrellas, and vehicles were hurried through the storm belt. It was not the usual "every-day" rain which fell, but the deluge came from a new fire engine which was being tested by Chief Coots. The enand has just arrived. Although it is of the third class, it can do efficient work and J. Q. Van Winkle, general superintendent came up to the required standard. It will of the Big Four, has returned from a trip be kept at No. 4 engine house.
